

STAGO@drupa 2008

One world – one drupa

The **drupa** is the fair for the graphic industry – and for STAGO an exciting and important event each time. It is only here, where a large audience of specialists and interested people from around the world are meeting. Users and dealers had the opportunity to convince themselves about the quality and versatility of the entire STAGO product programme. We sincerely thank you for your visit and the positive feedback and are looking forward to the next **drupa** in four years.
